

Affiliate Board

The Affiliate Board of the Leukemia Research Foundation is a group of young professionals organized to support the Foundation in its fight against leukemia. Our mission is simple, we are fighting to conquer leukemia every day.

Why join?

- » **Maximize your impact:** One of the best ways to give to a nonprofit is by donating your time and talents.
- » **Develop professional skills:** Grow your leadership skills as the chair of a subcommittee or your collaboration skills as a support position.
- » **Grow your network:** You can meet mentors or advisors and build relationships with Affiliate Board members who share your passion for the cause.

Time commitment

- » Attend regular board meetings (the board holds eight to ten per year and members are asked to attend at least five).
- » Help organize and plan fundraising events by securing sponsorships and raffle prizes, soliciting donations, and/or promoting the events to your personal network.
