Foundation

Fellow skiers~

Mark your calendars! We're skiing Beaver Creek!

Guys, it's time to book your space for the 2024 Annual Ski for Research Trip. Help us celebrate 37 years of Ski for Research.

From February 22–27, 2024 old and new friends will gather for five days of camaraderie, world class skiing, and a chance to really make a difference in the lives of those affected by Leukemia.

If you've experienced the Ski for Research trip before, you know this is a very special event. It brings skiers together to schuss the Colorado slopes while helping raise critical funding for the Leukemia Research Foundation (LRF). Each year the event gathers more momentum, more memories and more guys with big hearts who love to ski.

If you haven't experienced it, you're in for the time of your life! Ask anyone who makes the trip every year. Just show up at the airport.

Yes, Beaver Creek with all the powder and first-class accommodations and you will be helping to conquer leukemia, too! Proceeds from the trip go directly to cure leukemia by funding innovative research, and to support patients and families.

Since its inception, Ski for Research has brought in over \$1,500,000 for the LRF. We want to keep it coming. Join us! You'll have the time of your life, while you're saving others.

See you at Beaver Creek!

Best regards,
Gerry Brin
